Profile

A Performance Partner helping organizations turn ambition into results. I work alongside leaders and teams to improve how they collaborate, make decisions and deliver, drawing on Lean/Agile practice, facilitation and personal transformation. My background spans large-scale programs at Nordea, Volvo and Yara.

Skills

Team & Leadership Development

Raise performance by building trust, morale and communication, including across culturally diverse environments.

Business Value

Help organizations deliver more of what matters by connecting teams, leaders and customers, and responding quickly to change.

Continuous Improvement

Stop starting, start finishing! We'll explore flow, work-in-process limits and prioritization to make room for improvement.

Experience

Molde University College, Kristiansund Norway

Work Placement (Norwegian Language Training)

2026

- * Updated the PowerPoint for the Lean Production course.
- * Facilitated Lean in practice using LEGO.
- * Gave a lecture on my experiences as an Agile Coach.
- * Took part in supervising students.

Tørristua AS (Leanstance), Norway

Performance Partner

2022 - Current

Partner with leaders and teams to elevate how they collaborate, make decisions and deliver, using holistic, co-creative processes:

- * Introduce Lean/Agile practice where it helps teams deliver more of what matters
- * Encourage transformation of mindset and culture
- * Help organizations experiment with team structures, leadership styles and ways of working to improve performance

Client: Bjørnådal Arkitektstudio, Kristiansund, Norway (2023)

- * Facilitated a company working agreement and mission statement
- * Tested out feedback culture by exploring how to give and receive feedback while introducing feedback loops

Capgemini - Client: Yara, Norway

Senior Agile Coach

2021 - 2022

Leverage Lean/Agile concepts to encourage an account within Capgemini to begin an Agile journey with an IT Core Infrastructure department.

- * Encouraged reducing the distance between supplier and vendor through the possibility of joint roadmap work and more collaboration
- * Work with pockets within the organization wanting to explore more Agile/Lean ways of working

Capgemini - Client: Volvo, Sweden

Senior Agile Coach

2021 - 2022

- * Brought together Agile Coaches and the RTE from multiple vendors through the creation of a CoP
- * Helped a new release train by mentoring the RTE and facilitating parts of their Big Room Planning
- * Created and facilitated a training session to help get all vendors on board in Agile Ways of Working
- * Assist in contract negotiations, injecting Lean/Agile budgeting to shift from a project based account
- * Worked with management to help build understanding of 'What is Agile?'

Jobbsjansen

Program Participant

2019 - 2020

* Kristiansund voksenopplæring: Attended Norwegian language class while practicing speaking the language with Norwegians

* Molde University College in Kristiansund (Molde Høgskolen i Kristiansund): Facilitated interactive teaching sessions in which students experienced Lean principles through hands-on exploration and dialogue

Nordea, Sweden

Agile Coach

2015 - 2019

Coached several Scrum, Kanban and non-Agile teams in the Core Banking Program (CBP), Europe's largest change project. Facilitated training on ways of working, mindset and values.

- * Promoted change by influencing the leadership group and leading by example
- * Helped management explore their own values and the bank's values to make change possible
- * Contributed at leadership level through training and improved communication

3 (Hi3G), Sweden

Consultant: Senior Developer, Application Lead, Agile Change Agent, Scrum Master, Agile Coach

2010 - 2015

- * Upgraded SingleView Convergent Billing from v5.01 to v6.01 and provided solution designs to the offshore team
- * Helped initiate the Billing stability project, introducing a controlled release process with code review, automated unit testing and DevOps
- * Guided newly formed cross-functional teams from Waterfall to Agile (Kanban, then Scrum) and empowered them to make their own decisions

Vodafone Italy, Macedonia
